WHY WORK WITH SITEMAX

WHO WE ARE

Sitemax is a dynamic company that is passionate about making life easy for the construction industry.

WHO WE HELP

Sitemax delivers solutions to any company that is trying to improve the safety, appearance and image of their construction site from commencement through to completion.

WHAT WE DO

CONTAINMENT

Sitemax is a leading edge supplier of scaffolding containment and encapsulation products for any industrial or commercial scaffolding project.

SIGNAGE

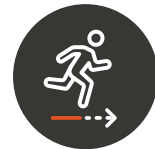

Sitemax Advertising & Safety Signage provides clear brand message and consistent quality solution for the construction industry.

HOW WE WORK

Our business philosophy is, "We make it easy". Our business ethos is a commitment proudly made by each and every member of the Sitemax team imbedded in our Core Values:

Continuous Improvement

Exceed Our Promises

Be Honest

Synergy

Provide a Positive Impact on the Environment

WHO WE ARE

Our product solutions for Scaffolding applications include chainwire, shade cloth, plastic encapsulation and composite mesh products designed for the containment of falling objects. Sitemax covers the broad range of containment and encapsulation products used by the scaffolding industry. We supply a full range of shade cloth grades to suit every specific requirement of the Scaffolder.

Consideration should also be given to the visual nature of scaffolding cladding on most projects. This industry requirement also provides a unique advertising opportunity for the duration of the construction project. With our in-house printing capabilities, we can deliver a solution that creates a barrier while it promotes your brand – a win win for your business!
