WHY WORK WITH SITEMAX

WHO WE ARE

Sitemax is a dynamic company that is passionate about making life easy for developers and construction companies to advertise their brand or project onsite.

WHO WE HELP

We offer solutions to improve the safety, appearance and image of development sites and construction projects from commencement through to completion.

WHAT WE DO

We make it easy for our clients! Providing a complete solution in manufacturing, installation and maintenance of site signage. We also have a design service for marketing message updates or artwork design changes to complete our offering.

WHAT WE DO

SIGNAGE

We take pride in offering a complete solution from arranging the artwork layout design, manufacture, installation and maintenance of site signage. From property developments to construction sites, we partner with our clients to provide clear marketing messages and consistent quality solutions for site advertising.

CONTAINMENT

Sitemax is a leading edge supplier of scaffolding containment and encapsulation products for any industrial or commercial scaffolding project.

HOW WE WORK

Our business philosophy is, "We make it easy". Our business ethos is a commitment proudly made by each and every member of the Sitemax team imbedded in our Core Values:

Continuous Improvement

Exceed Our Promises

Be Honest

Synergy

Provide a Positive Impact on the Environment

WHO WE ARE

Our team are always excited to support the design, print and installation requirements of our customer's unique and challenging projects, wherever they may be.

While we have the capacity to provide a complete design to installation service, we are also confident in working with creatives to achieve extraordinary results.

We enjoy presenting quality site branding solutions for Developers, Construction Companies and Marketing Creatives while looking forward to a future of delivering successful outcomes with our expanding client base.
