

# We've Got Your Site Covered.

Construction site signage serves a crucial role in fostering effective communication, ensuring regulatory compliance, and prioritising workplace health and safety. It also provides a unique chance for companies to bolster brand awareness by ensuring consistency across construction sites.

At Sitemax, we specialise in crafting a diverse range of customisable construction site signage and containment solutions, offering optimal avenues for communicating safety measures and reinforcing your brand.

Contact our team on **1800 007 557** to tailor a signage or containment solution for your site today.

## SITEMAX SIGNAGE & CONTAINMENT MAP

- |  |                             |                         |
|--|-----------------------------|-------------------------|
| 1 Pedestrian barriers and reflective signage | 7 Containment mesh          | 13 Lenticulars          |
